Logo spins on hover, delighting users.
Navigates to home on all pages.

Entire design uses 4px spacing factor, for example the header has 4px padding and the
Nav links are in a flexbox to space nicely, follows spacing unit of 4px by making gap 16px (4 * 4px)

Hi there! My name is Ben. Welcome to my Portfolio.

Animated to come in from side of screen using
keyframes change-width.

Hero image. Big and bold to convey
personal branding, Rotate Spin on hover.

Links to social are always
visible. Ideally this is where
users will go.

My Journey

Articles with solid border.
Spaced for visual clarity.
Formatted using space-between to fit easily
stack vertically on smaller screens.

Logos images link to
relevant content.
Logos are sized to fit
evenly within the
articles.

2024 - Present

Coder Academy

Student

- Terminal Basics
- HTML
- CSS
- Responsive Design
- Flexbox
- Effects and Animation

2021 - 2023

Murrumbidgee Irrigation
